

Style Definitely Matters

The UK's distributor of LG HI-MACS®, James Latham, has teamed up with Edge Projects to showcase the innovative material being used as a functioning bar top and seating pod at an impressive showroom facility in Knutsford, Cheshire. James Latham and Edge Projects invested a substantial sum into the permanent exhibition venue owned and run by Style Matters Ltd, prominent in the design and manufacture of furniture for the hospitality sector, proving the perfect location to showcase LG HI-MACS®. LG HI-MACS® National Product Manager, Steve Robinson said: "The displays are truly superb and definitely have the wow factor. LG HI-MACS® is a really impressive material, and Style Matters Ltd is the ideal venue to illustrate this. The fact that the exhibition is permanent means that our clients have the chance to visit a place where the end result is visible, and the feedback we have received from architects, designers and end-users is extremely positive." For further information, telephone James Latham on 01162 573 415.
